

## FEMA Region IV Private Sector: State Re-Entry Information

Florida	Georgia
<a href="#">Statewide Private Sector Re-Entry Program</a>	<a href="#">Georgia Emergency Management</a>
<p>Local elected officials and Law Enforcement Officers will work together to determine when an area is safe enough for individuals to return.</p> <p>At that point, individuals and businesses seeking to provide essential commodities and services to impacted areas will be allowed reentry by possessing and presenting to local officials:</p> <ol style="list-style-type: none"> <li>1. A valid government-issued ID, such as a Driver’s License or passport;</li> <li>2. Proof of Employment, such as Employer credentials or a letter on employer letterhead; and</li> <li>3. A Demonstrated Need to enter the area, such as a work order, inventory list, or employer authorization. Local officials know their communities and are well suited to facilitate a safe and timely reentry process.</li> </ol> <p>Businesses can receive updated information regarding the transportation and distribution of essential commodities during a state of emergency declared by the Governor by registering in advance at <a href="http://www.FloridaDisaster.biz">www.FloridaDisaster.biz</a></p> <p>The FloridaDisaster.biz portal is an information and resource-sharing site catered to the private sector for critical updates during a disaster.</p>	<p>Georgia uses a Phased Approach to Re-Entry following an evacuation due to emergency incidents. Initially, Re-Entry will be limited in order to prevent additional loss of life during response and recovery by restricting access to entities that have a role in life safety, mitigation of hazardous conditions, and critical infrastructure restoration.</p> <p>On July 1, 2017, GA House Bill 405 went into effect, which established a new statewide re-entry system and a new re-entry certification process for private entities needing access to a disaster zone, both before and after an emergency. Under the new process, businesses wishing to seek re-entry access will be required to apply through the state.</p> <p>Please see the GEMA Re-entry Registration webpage at <a href="http://www.gema.ga.gov/Pages/Re-Entry.aspx">http://www.gema.ga.gov/Pages/Re-Entry.aspx</a> for the state’s Re-Entry Standard Operating Procedure and to apply for re-entry certification.</p>
